## KP72PN-CE

## ODrawing of Water Supply · Discharged Water · Connection[Standards]

- 1 Flexible tube(Rp1/2)L=700mm·····included main body
- ② Water suply pipe(G1/2 Hard vinyl chloride lining steel pipe for water)
  - From floor face 250mm·····connect with water faucet
- ③ Water faulet(Nominal pipe 13, connection G1/2)
- 4 Discharged water hose(Connected part inner diameter 38mm)L=1200mm·····included main body
- (5) Vinyl chloride pipe for water discharge(VU50A) From floor face 150mm
- 6 Connecting port of discharged water for Rice washer (External Diameter 38mm)....Connect with discharged hose

## OSpecification

- opecinica viori	
Size(mm)	W417×D523×H1,370
Weight(KG)	27KG
Rice throughput(Max)	7,2L(6,0KG)
Setting/per operation	1.0KG-6.0KG
Washing time(6.0KG)	Around 1min 56sec(14L/min)-2min 30sec
Consumed power	Max AC220V·AC230V·AC240V ±10V
Frequency	50Hz
Electric consumption	Ma× 40W
Minimum volume of water pressure	79kPa(0.8kgf/cm²)
